

somerset MUSEUM RAG 300

Specification Data Sheet

Product Description

Somerset Museum Rag is the newest paper by the acclaimed St Cuthberts Mill in England, who over a decade ago helped create an entire industry when it launched Somerset Enhanced Velvet - one of the First papers used for Fine art digital imaging. Somerset Museum Rag is a pioneer in its own right while remaining true to its history. It combines an archival 100% cotton heavyweight paper with a smooth surface, sensuous to the touch while durable to everyday handling, with the latest in coating technologies to produce deep, rich blacks with an unparalleled color gamut to make a vibrant image pop to life.

-Available in single sided sheets and rolls
