

DAF Products Calendered Print Vinyl's

Longevity chart for film Cracking, Excessive Yellowing and Shrinking

| | Outdoor (Normal conditions) | Indoor (Normal conditions) |
|------------------------------------|--|-----------------------------------|
| Imprint Permanent Grey adhesive | 36 months | 3+ years |
| Escape (bubble free) Grey adhesive | 36 months | 3+ years |
| Imprint Removable Grey adhesive | 18 months (removable up to 12 months) | 2+ years |
| Safeguard | 12 months | 3+ years |
| Safeguard Thin | 12 months | 2 years |
| Speed Vinyl Floor Graphic Material | 1-2 weeks on clean dry concrete or hardtop (not highly textured) | 3 months (mostly smooth surfaces) |

- Notes:
1. Imprint & Escape, Estimates are for Vertical faces on flat metal surface
 2. Laminate will increase longevity
 3. Product lifespans are maximum lifespans under best-case conditions.
 4. Max lifespan does not imply warranty or guarantee of any kind.
