

Hahnemühle

Natural Line

Bamboo

290 gsm · 90% bamboo fibers · 10% cotton · natural white

Hahnemühle Bamboo is the world's first FineArt inkjet paper made from 90% bamboo fibers, for a natural look and environmentally friendly paper production. The natural white, warm-toned bamboo paper does not contain optical brighteners, and stands out thanks to its soft, lightly textured felt structure and sensual feel. The matt premium inkjet coating delivers excellent printing results with defined reproduction of color and detail, particularly for warm hues and monochrome prints. Bamboo is acid- and lignin-free and meets the most precise requirements in terms of age resistance. The unique combination of sustainable bamboo fibers, soft surface texture and impressive print quality gives the artwork outstanding expression and soul.
