

HP Durable Foldable Document Material, 3-in Core

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Deliver brilliant, foldable maps, and documents

Stand up to demanding indoor and outdoor display conditions

Tough handling and display conditions demand a resilient, durable material. HP Durable Foldable Document Material is engineered with DuPont $^{\text{\tiny M}}$ Tyvek $^{\text{\tiny M}}$ material and is designed to produce tear-resistant, foldable maps, documents, and posters.

Offer brilliant, vivid images that drape well

Vivid colors, dark blacks, and sharp line definition create high-impact results. Ideal for a range of applications, this versatile material is compatible with Original HP PageWide XL pigment inks, and HP Vivid Photo Inks and HP Bright Office Inks for HP DesignJet printers.¹

This material can make your job easier

Save time and gain efficiency. ICC profiles help you get the color you need quickly. Fast dry times help keep your workflow moving. Achieve a professional finish with a material that's easy to handle, fold, hang, or grommet.

		D 41.
Target customers	Applications	Benefits
Print service providers	Documentation	Durable, high-impact photo image quality
Engineers	Geographic Information Systems (GIS) maps	Can be folded and transported easily due to the lightweight, durable construction
Architects	POP and retail displays	Fast dry time
Event Displays		Tear-resistant prints are easy to fold, hang, grommet, stitch
POS/POP		Versatile; compatibility with Original HP PageWide XL pigment inks, and HP Vivid Photo Inks and HP Bright Office Inks for HP DesignJet printers ¹
