# HP Natural Tracing Paper

## The HP DesignJet printing system—the complete solution

HP DesignJet printers, Original HP inks and printheads, Original HP printing materials and HP Scitex printers, are designed to work together as a system to provide reliable, consistent results with every print.

## Produce clear reproducible final drawings

#### Communicate with clarity

Clear, concise drawings can avoid costly mistakes. Achieve crisp black and color line quality—HP Natural Tracing Paper provides excellent bleed control—for archivable prints.

#### Deliver easy-to-read plans

Your technical drawings need to communicate without ambiguity. Produce easy-to-understand, easy-to-read reproducible prints with HP Natural Tracing Paper, designed together with Original HP inks.

#### Deliver on time, on budget

Get the results you expect with the first print. HP printing materials are designed together with Original HP inks and your Designjet printer to provide consistent, quality results.

| Target customers                     | Applications  | Benefits                           |
|--------------------------------------|---|------------------------------------|
| Architects                           | Engineering (CAD), architecture (AEC), and Geographic Information Systems (GIS) archives or reproductions | Crisp black and color line quality |
| Engineers                            |   | Excellent bleed control            |
| Geographic Information Systems (GIS) |   | Archivable prints                  |
